Mosquito Repellent Benefit Available

You might be eligible to get two cans or bottles of mosquito repellent per month at little to no cost.*

Eligibility
The benefit is for:
- Pregnant women
- Females, ages 10-55
- Males, ages 14 and older

You must be enrolled in Medicaid managed care, fee-for-service, the Children’s Health Insurance Program or CHIP-Perinatal programs.

You can also qualify if you meet the eligibility criteria for Healthy Texas Women or the Family Planning Program. People in the Children with Special Health Care Needs program require a prescription.

How to get repellent
Contact your pharmacy to see if they are participating in this benefit.**

If your pharmacy recommends getting a prescription, contact your health care provider and ask them to send a prescription to your pharmacy.

*Repellent will be provided at no cost to Medicaid, Healthy Texas Women and CSHCN clients. CHIP clients might be subject to a copay depending upon family income. CHIP members can pay the generic copay or less if the cost of the repellent is less than the copay.

** Supply might vary by location. This benefit is year-round. Prescriptions for mosquito repellent will not count against monthly prescription limits.
